

Do you know how to compare using adjectives in English? Have a go!

i When you want to use an adjective for comparison you need to add an "er" or just "r" if it already ends with an "e". So "tall" - "taller" OR "simple" - "simpler". To form a sentence use the word "than". For example: Tom is taller than Mike. For a few longer adjectives (with more than two syllables) you need to add "more" in front of the adjective instead of adding "er". For example: Lucy is more excited than her sister.

i There are also a few irregulars where the normal rules don't work: good -> better | bad -> worse | much -> more | many -> more | little -> less

Also look out for adjectives that end with a "y"! Here you need to replace the "y" with an "i". For example the adjective "tidy": He is tidier than his little sister.

Don't forget: Double the consonant after a short vowel: big - bigger OR sad - sadder

?

Lena is _____ than Paula.

- kinder
- kindest
- kind

?
