

Let's practise using "could" and "were able to"!

i "Could" and "was/were able to" are both used to talk about ability or what was possible in the past. For example: He was able to take the bus yesterday.

Could is also used for polite requests and to ask permission. For example: Could you please close the door? OR Could I open a window?

i Be careful: Use "was able to" for I and he/she/it but use "were able to" for you, we and they.

Questions: Put "was" or "were" or "could" at the beginning of the sentence followed by the person. For example: Were you able to win the prize?

Negations: Form them by using "wasn't/ was not" or "weren't/were not" or "couldn't/could not". For example: I wasn't able to come.
