

Let's practise using comparisons in English!

i When you want to use an adjective for comparison you need to add an "er" or just "r" if the word already ends with an "e". So "tall" - "taller" OR "simple" - "simpler".

To form a sentence use the word "than". For example: Tom is taller than Mike.

For a few longer adjectives (with more than two syllables) you need to add "more" in front of the adjective instead of adding "er". For example: Lucy is more excited than her sister.

For the superlative add "est" to the end of the adjective. For example Tom is the tallest boy in our class.

i There are also a few irregulars where the normal rules don't work:

good -> better -> best

bad -> worse -> worst

much -> more -> most

many -> more -> most

little -> less -> least

Also look out for adjectives that end with a "y"! Here you need to replace the "y" with an "i". For example the adjective "tidy": He is tidier than his little sister. OR He is the tidiest in our family.

Don't forget: Double the consonant after a short vowel: big - bigger - biggest OR sad - sadder - saddest
